Fersten Worldwide has substantially improved its fabric processes; from growing cotton to the development of innovative eco-friendly fabric blends and recycled fabric.

Socially Accountable

Promoting sustainable and eco-friendly choices

Fersten Worldwide and all of its facilities are socially compliant and socially responsible. We take compliance and responsibility very seriously; each of our facilities is **WRAP** certified (Worldwide Responsible Accredited Production).

Fersten Worldwide produces softline textile items in the outerwear, apparel and headwear categories. In addition to our never ending commitment, all FW products comply with **California Proposition 65** ("Prop65"). We make every effort to ensure that the chemical exposure levels are below the published list by The Office of Environmental Health Hazard Assessment (OEHHA) of nearly 900 chemicals and its approved limits which are also known as "safe harbor" numbers and are therefore not required to display a warning label.

Fersten Worldwide has also substantially improved its fabric processes; from growing cotton to dyeing fabric (developing Blue Sign Certified fabrics for select styles and production) as well as the development of innovative **eco-friendly fabric blends** and **recycled (RPET) fabrics**. We are very focused on and continue to reduce any negative impact on the environment as a result of our production.

FW is proud to offer a wide selection of eco-friendly material and products, such as **Bamboo-blended** fabrics and **organic cotton** headwear.

Let's make a difference together!

VSS – Virtual Spec Sample Program

New creative branded ideas designed just for you

The VSS program offers an exclusive opportunity to work closely with FW's graphic specialists in designing a customized program for your customer's brand, tailored specifically to their corporate needs.

Whether merchandising individual orders or full programs, the VSS program offers fast turnaround, design flexibility and a product that is unparalleled in its distinctiveness.

FSS – Free Spec Sample Program

This program takes designs & creations of the VSS Program to the next level

With the FSS program, benefit from having your designed spec sample shipped straight to you – domestically or overseas for endless possibilities. Show off your new design with sample in hand and your customers are sure to be impressed.

We are confident to let the quality of our products and decorations speak for themselves. The best part is that it is FREE, you have nothing to lose and everything to gain!

*All styles are shipped at no cost, with the exception of outerwear and wellness garments that have a 50% discount.

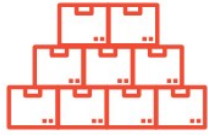

Contact your FW Customer Satisfaction Representative to learn more about VSS and FSS programs

FERST-Pass Decoration Program

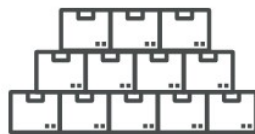

Be light years ahead of the game

Register your corporate program and be FIRST in line with our FERST-Pass Program. Benefit from faster deliveries and guaranteed turnaround times, every time! Available for any domestic program with any of FW's quality decoration techniques.*

*Embroidery, laser etching, transfers, woven labels, fabric appliqués, leather, suede & rubber patches and multi-decoration.

3D Puff with Bean Stitch

Decoration Embroidery

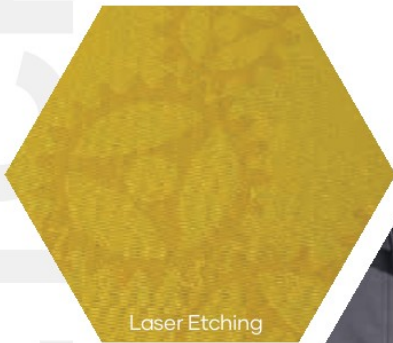

Embroidery is recognized as one of the industry's most popular and authentic decoration techniques for outerwear, apparel, headwear & winter products. FW has mastered the art of embroidery by offering a multitude of techniques: Flat, Light Fill, 3D Puff, Double 3D Puff, 3D Puff with Bean Stitch and Textured Embroidery.

All imprints, logos or trademarks displayed in this catalog and on www.fersten.com are for illustration purpose only. These products are not offered for sale with any organization's logos except with their expressed authorization and written permission.

Decoration Laser Etching

FW paved the way for laser etching on outerwear, apparel and YES, even headwear! With its cutting edge (no pun intended!) precision and accuracy, this process is perfect for detailed logos and designs – taking the difficulty out of executing those tricky logos. Two techniques available: **Regular and Glossy Laser**.

Decoration Laser Etching

All imprints, logos or trademarks displayed in this catalog and on www.fersten.com are for illustration purpose only. These products are not offered for sale with any organization's logos except with their expressed authorization and written permission.

Decoration Fabric Appliqués

Allow yourself to get creative with our fabric appliqué decoration option. These techniques add a trendy, fashionable twist to any of our outerwear, apparel, headwear or winter styles. A variety of fabrics are available to be applied – cotton, fleece, felt, suede and many more!

Decoration Patches

Patches are perfect for those in search of innovative and fresh ways to present any brand! Keep up with retail trends and create a lasting impression on our outerwear, apparel, headwear and winter styles with your choice of the following: multiple colors of faux leather debossed or laser etched, multiple colors of suede laser etched and PMS color matching rubber patches.

Decoration Labels

Sometimes simple just makes sense – woven labels have a high perceived value making this decoration technique a perfect way to help identify and grow any brand. The best part is, they can be easily applied to any outerwear, apparel, headwear and winter style in our line. Several woven options available: Woven Label with merrowed edge, Woven Label with Embroidered edge/sewn, Tab Woven Label sewn, Sublimated Label, Printed Label and Private Woven Label.

Decoration Heat Transfers

Decoration

Heat Transfers

Quickly growing in popularity, FW is proud to offer several heat transfer options. Heat transfer techniques have numerous benefits and fewer limitations when merchandising for uniquely decorated outerwear, apparel and headwear pieces (SDT transfer appliqués are suggested for winter accessories options).

FW will help you choose what the best option of heat transfer will be for your brand: **Standard Definition Heat Transfers (SDT)**, **High Definition Transfers (HDT)**, **3D High Definition Transfers (3D HDT)** and **3M Reflective options** as well!

Benefits of Heat Transfers:

- Display your logo almost anywhere – pockets, hemlines, collars – you name it!
- Replicate detailed logos and gradient colors with no trouble at all
- Limitless color choices and PMS color matching
- Create highly visible logos with 3M™ reflective transfers
- Maintain fabric waterproofness (no needle holes)

All imprints, logos or trademarks displayed in this catalog and on www.fersten.com are for illustration purpose only. These products are not offered for sale with any organization's logos except with their expressed authorization and written permission.

Decoration Pewter Emblems

FW offers a variety of options to convert your logo into a pewter emblem. Offered in several different shapes, colors and finishes: 2D Pewter, 3D Pewter, Hand Crafted & Ball Markers in your choice of bronze, silver or gold (only available on headwear).

ICON DESCRIPTIONS

Waterproof Fabric

Waterproof Fabric:

The garment's fabric is tested and certified as waterproof; built to keep you dry by keeping water from penetrating the fabric

Packable

Packable:

This garment has the ability to be packed into a self-pouch by folding the jacket into the right side pocket

Breathable Fabric

Breathable Fabric:

The fabric of the garment is breathable and will keep you dry by allowing moisture to be diffused

Thermal Fabric

Thermal Fabric:

As heat is generated by movement or other sources of energy, such as the sun, this lightweight performance thermal fabric locks in the warm air guaranteeing superior thermal insulation

Critical Seam Sealed

Critical Seam Sealed:

The garment has a waterproof tape on seams located in areas most prone to water and wind exposure to enhance the garment's over all waterproofness

Warmth Rating

Warmth Rating:

The FW warmth rating system gives the user a temperature guideline for thermal comfort

Fully Seam Sealed

Fully Seam Sealed:

The garment has a waterproof tape on all seams guaranteeing complete waterproofness of the jacket

Reversible

Reversible:

This garment is designed to be reversible - offering two styles in one

Safety

Safety:

This garment is designed to meet "Class 3" safety standards at work places with potential hazards

E-Zip™ Embroidery System

E-Zip™ Embroidery System:

The hidden zippered opening located on the interior left side allows the garment to be decorated while maintaining the integrity of the design, both inside and out

Detachable Hood

Detachable Hood:

The garment may be worn with or without the hood

Anti-RFID

Identity Theft Security Pocket:

This garment is constructed with an interior security pocket made of specialized Anti-RFID fabric which blocks wireless signals from accessing sensitive data from all your RFID-chip related items

ICON DESCRIPTIONS

Organic Cotton: Cotton grown/cultivated using only processes that do not harm the environment

Bamboo: Fabric blended with bamboo fibers, a sustainable resource, that has natural wicking properties & anti-bacterial capabilities, while protecting you from dangerous UV Rays

Anti-Bacterial: Fabric finish highly effective for eliminating bacteria causing perspiration odors, and keeping you feeling fresh

3M Scotchlite Reflective Material: Reflective material for enhancing visibility and safety

FERST-DRY™ Moisture Wicking: Fabric feature where moisture is drawn away from the body by transferring it to the fabrics' outer layer, allowing it to evaporate quickly. FERST-DRY™ Moisture Wicking fabrics dry very rapidly, keeping you cool & dry

FERST-FIT™: Fitted cap designed with an inner elastic to maintain its shape, providing ultimate comfort and great fit

Stretch with Lycra: Fabric blended with Lycra providing stretch to allow for greater movement and added comfort

UV: Finish applied to fabric for protection from harmful UV Rays

ICON DESCRIPTIONS

Organic Cotton: Cotton grown/cultivated using only processes that do not harm the environment

Bamboo: Fabric blended with bamboo fibers, a sustainable resource, that has natural wicking properties & anti-bacterial capabilities, while protecting you from dangerous UV Rays

Anti-Bacterial: Fabric finish highly effective for eliminating bacteria causing perspiration odors, and keeping you feeling fresh

3M Scotchlite Reflective Material: Reflective material for enhancing visibility and safety

Recycled P.E.T.: 100% Recycled Polyethylene Terephthalate

FERST-DRY™ Moisture Wicking:

Fabric feature where moisture is drawn away from the body by transferring it to the fabrics' outer layer, allowing it to evaporate quickly. FERST-DRY™ Moisture Wicking fabrics dry very rapidly, keeping you cool & dry

FERST-FIT™: Fitted cap designed with an inner elastic to maintain its shape, providing ultimate comfort and great fit

Stretch with Lycra: Fabric blended with Lycra providing stretch to allow for greater movement and added comfort

UV: Finish applied to fabric for protection from harmful UV Rays

Safety:

This garment is designed to meet "Class 3" safety standards at work places with potential hazards

ICON DESCRIPTIONS

Organic Cotton: Cotton grown/cultivated using only processes that do not harm the environment

Bamboo: Fabric blended with bamboo fibers, a sustainable resource, that has natural wicking properties & anti-bacterial capabilities, while protecting you from dangerous UV Rays

Anti-Bacterial: Fabric finish highly effective for eliminating bacteria causing perspiration odors, and keeping you feeling fresh

3M Scotchlite Reflective Material: Reflective material for enhancing visibility and safety

FERST-DRY™ Moisture Wicking:

Fabric feature where moisture is drawn away from the body by transferring it to the fabrics' outer layer, allowing it to evaporate quickly. FERST-DRY™ Moisture Wicking fabrics dry very rapidly, keeping you cool & dry

FERST-FIT™: Fitted cap designed with an inner elastic to maintain its shape, providing ultimate comfort and great fit

Stretch with Lycra: Fabric blended with Lycra providing stretch to allow for greater movement and added comfort

UV: Finish applied to fabric for protection from harmful UV Rays

Our Commitment

PRODUCT INVENTORY GUARANTEE:

Fersten Worldwide guarantees complete inventory availability of all styles, colors and sizes offered in our catalog and on fersten.com*. If we do not have what you ordered "in stock" and you do not want to substitute for a comparable product, you will receive a 5% DISCOUNT on the product that is not immediately available.

*Inventory guarantee is valid up to 1,000 units per color ordered. All orders MUST be received in writing.

PRODUCT DELIVERY GUARANTEE:

Fersten Worldwide guarantees that we will ship your order on time, every time. If due to our fault, you receive your order late, we will give you a 5% DISCOUNT on your order**.

** Delivery guarantee and product inventory guarantee are valid for customers who are in good credit standing with Fersten Worldwide at the time of order and shipping. Delivery times are based on approval of sample and confirmed order.

NO SURCHARGE FOR 2XL - 3XL - 4XL _____

You will find a greater range of size options throughout our FW product line. We offer all of our apparel styles ranging from XS - 4XL to give you greater FW size options at no additional cost.

CHEST _____

Measure 1" under the arms and across chest holding tape firm and level.

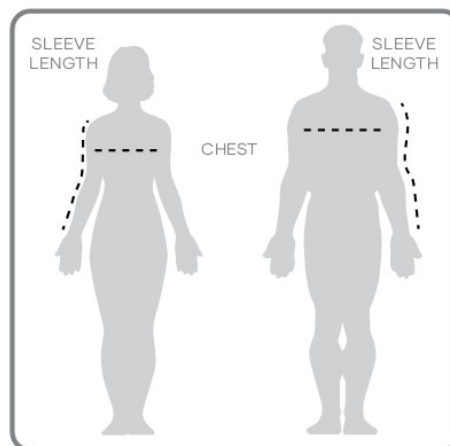

SLEEVE LENGTH _____

With arm relaxed at side and slightly bent measure from shoulder point to sleeve cuff.

Size Chart Guideline

Many Fersten Worldwide products have unisex appeal; so we've sized them to better fit both sexes. Refer to the size scale below when buying one style for both men and women.

MEN'S SHIRT/POLO		XS	S	M	L	XL	2XL	3XL	4XL
Body	Chest	17	19	21	23	25	27	29	31

All imprints, logos or trademarks displayed in this catalog and on fersten.com are for illustration purpose only. These products are not offered for sale with any organization's logos except with their expressed authorization and written permission.

Color accuracy

Statement

Although we do our best to make sure that the colors printed in this catalog are accurate, actual colors may vary. Fersten Worldwide makes every attempt to offer a perfect representation of the available colors for each product sold. In order to guarantee your color selection we strongly recommend that you take advantage of our Free Sample Program (FSS). Subtle color differences may occur from dye lot to dye lot, as well as fabric to fabric due to textures and fabric treatments.

Pricing accuracy

Statement

Although every effort has been made to ensure the accuracy of information in the catalog, customers should note that prices are subject to change without notice. We strongly recommend that you verify prices by visiting www.fersten.com as the website is the best source for most up-to-date information and prevails over the current catalog. FW reserves the right to change product specifications at any time without incurring any legal obligations. The current pricing is effective as of January 2021.

Logo Statement

All logos, imprints or trademarks displayed in the catalog and on www.fersten.com are for illustration purposes only. Products displaying other organizations' logos are not offered for sale, except in the case of the concerned organization's expressed authorization and written permission.
