OUR PURPOSE

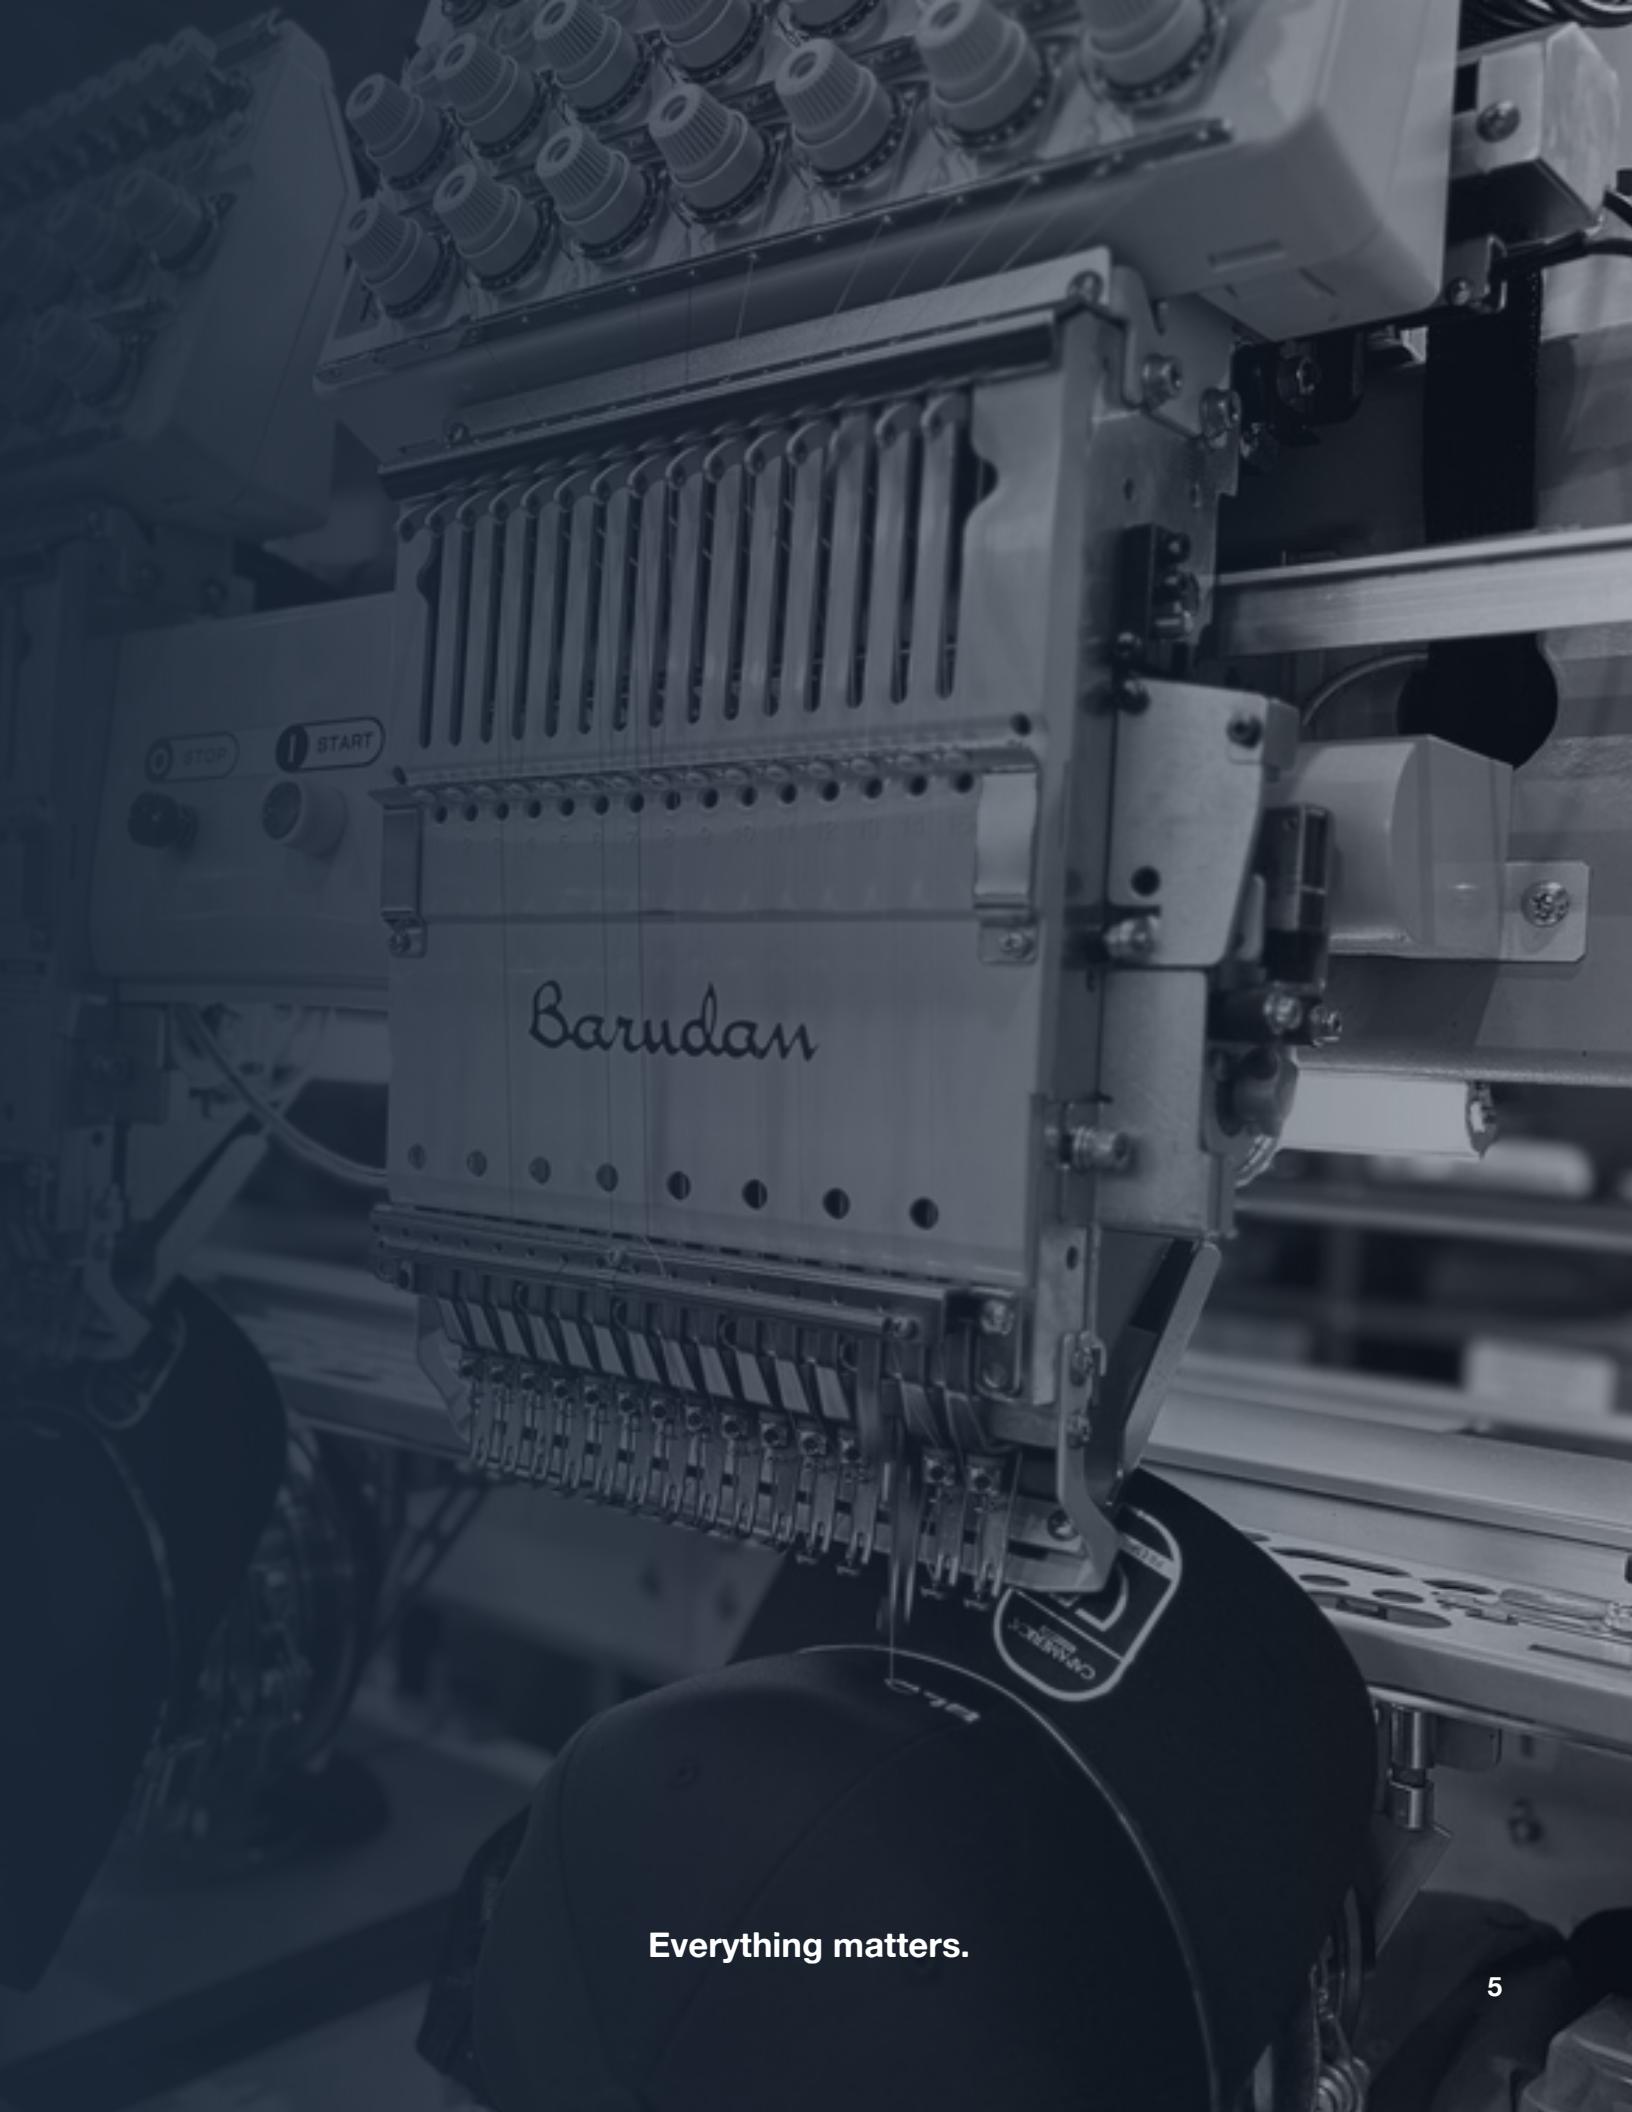

You could say that the little things in life don't matter. But that's not true. Even the little things are meaningful to someone. And sometimes they mean a lot. That's why since 2011 DML pays attention to the little things. Not just little things like caps, lanyards and patches – but all the little ways you can go further for a client. And the ways you can make the journey you're on together fun and memorable. You do it all with a smile, and playful attitude. Because that's how you make them feel you've invested in them. So they keep coming back.

OUR MISSION

DML helps distributors shine by going above and beyond in providing high-quality personalized products, tailored solutions, and a simplified purchasing process.

OUR VISION

To become the industry benchmark supplier of high-quality personalized products, with simplified service to distributors, and to always be a trusted and valued partner by improving what we do every day.

GENERAL INFORMATION

PRODUCTION

**Standard delivery for in stock orders with embroidery is 3 to 5 business days after sample approval. Rush orders are accepted only if the production schedule

FABRIC COLOR VARIATIONS

Due to color variations of dye lots, exact color matches of material are not guaranteed. In camouflage patterns, variations may occur in the placement of certain areas of the pattern due to random cutting. Certain distressed materials will have shading variations.

IMPRINT COLORS

Color matches are not guaranteed to be exact, whether PMS colors or color swatches. All materials print differently; therefore, there may be a variation of print colors on orders of different materials or colors. When decorating on camouflage, no guarantees can be made that the pattern will not interfere with decoration (i.e. a branch, leaf or bark may fall behind decoration). DML Creation is not responsible for fabric bleeding which may occur when imprinting a light color on a dark fabric. It is not recommended to place a white imprint on a red or black cap because the imprint may have a pink or gray hue. Distressed materials in all colors have a tendency to bleed into light colored embroidery threads & prints.

LAUNDERING

Do not launder caps or knits. Do not dry clean caps or knits.

ORDER PROCESSING

All prices & materials/fabrics are subject to change without notice.

ORDERS

Orders must be made in written form with purchase order number. No phone orders are accepted. Confirmation of faxed orders must be marked as such to avoid duplication. DML Creation is not responsible for duplication of orders that do not indicate confirmation. Ship dates cannot be scheduled until clarification of order has been completed (if needed), artwork has been approved & additional charges (if any) have been accepted.

CANCELLATIONS

No cancellations will be accepted unless approved by DML Creation & submitted in written form. Once an order has been entered into production it cannot be cancelled.

CHANGES/CORRECTIONS

Changes to an order already in process may be made depending on the status of the order, providing the customer agrees to compensate for all costs (if any) & agrees to additional production time (if necessary).

SIZING

Caps are normally one size fits most. Custom Overseas has a 144 piece per size order minimum. Knit caps are also one size fits most. Due to the nature of the knitting process, some variations in product size may occur.

ARTWORK

All imprints, logos or trademarks displayed in this catalog are for illustration purposes only. These items are not available for sale unless the owner of that product issues specific permission. Color photographs in this catalog are approximate & may or may not be a true color representation of the actual product. To see actual fabric color, please order a sample.

Submit vector art with clear, concise instructions. Art that is not vector art may require additional charges & delay production. Artwork charges are free. Exact duplication of logos & type styles cannot be guaranteed unless vector art to size specifications is submitted. Unless otherwise requested, DML Creation will size art to best fit the decoration area.

Artwork submitted via e-mail must meet the following specifications: files should be in vector format, preferably Adobe Illustrator (AI), if any images are used, they should be no less than 300 dpi & placed in an Encapsulated Postscript (EPS) file & be included in e-mail, convert all fonts to paths. JPEG, TIF, PDF, BMP & CDR files can be used, preferably in hi-resolution (300 dpi), but vector art is preferred. Send artwork (as attachments) to info@dmlcreation.com.

CUSTOMER SUPPLIED EMBROIDERY DISCS

DML Creation can accept customer supplied discs in most formats including Tajima, Melco, Barudan, Wilcom, Pulse & DOS. If disc must be edited for any reason, charges will apply. Pre-production proof of customer supplied disc is required.

SHIPPING

If no specific instructions are given, DML Creation will ship via UPS. All orders are FOB Montreal DML Creation is not responsible for the delay of any freight carrier or for any damages occurring during transport.

DROP SHIPMENTS

DML Creation will ship to one location per order. Additional drop shipments are \$15.00 (A) per location plus applicable freight charges.

COPYRIGHT/TRADEMARK LAWS

When artwork is submitted by or on behalf of a Purchaser for production of an order, DML Creation assumes that the artwork submitted is in full compliance with the laws governing copyright, trademark, and other intellectual property rights of any third party.

Notwithstanding any provision in any purchase order, including any integration clause or other disclaimer, by submitting artwork in connection with an order, a Purchaser shall be deemed to have agreed to indemnify, defend and hold harmless DML Creation from any claim, damages or costs based on any alleged breach of any copyright, trademark or other intellectual property right of a third party arising from or related to DML Creation's use of such artwork in connection with such order. When artwork is submitted by or on behalf of a Purchaser, this provision shall be deemed both a separate agreement formed upon the submission of such artwork (and not superseded by any integration clause in a purchase order) and also a provision that is integrated into and made a part of each purchase order submitted by a Purchaser.

LICENSED PATTERNS

Licensed camouflage styles often include registration marks within the pattern & will appear in random locations including the decoration areas on cap styles. CUSTOM OVERSEAS PROGRAM

Workwear refers to clothing worn for specific tasks or activities related to one's job or profession. It's designed to provide comfort, safety, and functionality tailored to the demands of the work environment. Workwear varies across industries, from office attire to specialized gear for construction, healthcare, or protective equipment for hazardous occupations.

Workwear can often serve as great attire for team clothing, especially if your team is focused on a particular profession or industry. Many workplaces have uniforms or dress codes specific to their industry, and using workwear as team clothing can foster unity and a sense of belonging among team members. It also helps in creating a cohesive look for your team, especially during events, presentations, or when representing your group externally.

Why “TRADITIONAL WORKWEAR”?
The real reason is that the logo looks pretty cool!
